PHILOSOPHY

The purpose of music education in the curriculum can be properly understood only as a part of aesthetic education, and aesthetic education can be properly understood only as a part of the education of the whole child.

The emotional, creative, social, and cultural expressions of man are common denominators of all human beings. If education is devoted to the development of the whole person, it must be concerned with these aesthetic qualities of man.

The function of music education in the curriculum should therefore be clear as a requirement for the total development of all students. Man must feel as well as think; he must create as well as discover, and as educators, we must cultivate in the child a sensitivity to the world of sound, form, color, emotions, and spiritual involvement, just as intellectually we must make him aware of language, symbols, and others tools of thought.

GENERAL OBJECTIVES

It is the responsibility of the music education program in the schools to bring to every child the deepest possible understanding and realization of his full potential through awareness of self-expression and emotional well-being, skills as aids to musical expression, and appreciation through participation.

Increased pressures for scholastic excellence and individual accomplishment increase further the need for music education in the curriculum. More than ever before, music education is important today to the mental and physical stability of people.

One of the objectives of music education is the fostering of interest in the personal benefits of self-made music as a form of expression, a means of emotional outlet, a wholesome use of leisure time, and a contributing factor in the development of a well-rounded character and mental awareness.

The prime objective of music education is to develop musically sensitive, intelligent adults who fully appreciate the significant contribution that music can make to the individual, and ultimately the community.

BANDS

Band is a two semester course. Members may not sign-up for Marching Band only or Concert Bands (Wind Ensemble, Symphonic Winds, Symphonic Band, Concert Band) only. Schedules will not be changed unless the parent, principal, and band directors have met and approved the change during the school year for a valid reason.

MARCHING BAND -

Majorette routines are taught during Summer Band and during their class 8th period. Summer Band will begin around the first week of August and the rehearsal schedule will be made public prior to the end of the previous school year. All students in the Lindale Band Program audition for a place in the Contest Block through their daily attendance, participation, and level of performance that they exhibit through military execution of manuevers and music pass offs.

Band members who fail to pass musical and marching requirements, or have unexcused absences from rehearsals or performances are selected as alternates for the alternate block. Student who need extra attention and instruction in the military marching style will also be placed in alternate block to receive that attention. Activities include performances in the stands and on the field at football games, pep rallies, adding to the spirit of athletic events, and parades. ALL members, including alternates, attend ALL performances and contests.

Students participate during marching season (August - November) in the following activities:

- Summer Band
- Monday Night Rehearsals - 6:30 – 8:30 p.m.
- Wednesday Afternoon Rehearsal 3:30 – 5:00 p.m.

The Wind Ensemble (Varsity Band), The Symphonic Winds (Non-Varsity A Band), The Symphonic Band (Non-Varsity B Band), and The Concert Band (Sub-Non Varsity Band).

WIND ENSEMBLE & SYMPHONIC WINDS

Students must demonstrate an advanced degree of proficiency on their instrument, and show good potential for improvement. Also, the student must have shown a positive work attitude during the marching season. The directors may elect to use some students in the Wind Ensemble on a trial basis if attitude and grades have a potential to improve.

APPLIED MUSIC

Applied Music is an elective class offered to students in grades 10-12. Prerequisites include membership in the Lindale High School Band and approval of the Director of Bands. Students in the class are required to audition and compete in All Region Auditions and UIL Solo and Ensemble Contest.

GENERAL BAND REGULATIONS

ATTENDANCE OF REHEARSALS AND PERFORMANCES

All band members are expected to attend all rehearsals and performances unless excused by the Band Director. If a band member is going to be absent from a rehearsal or performance, the member should notify the Band Director in advance (unless impossible) or the absence is “unexcused”.

Students absent during summer band rehearsals will forfeit their places in the marching line-up and will serve as alternates. If their absence was caused by an emergency, they will be returned to their positions as soon as possible. If the absence was for other reasons, such as vacation, camp attendance, participation in other events, work, etc., they will serve as alternates until places become vacant in the ranks.

Punctuality is of vital importance in the band. The nature of the band’s operation at football games, concerts, and travel away from home make strict adherence to a schedule very important. Students who are habitually tardy or absent will forfeit any position or responsibility of honor with the band and may be transferred out of the Lindale Band program.

CONDUCT

Because of the many contacts a Lindale bandsman makes in public, they must act as a goodwill ambassador for the Lindale Independent School District. It is expected and requested that each student act like a lady or gentlemen at all times. Loud and boisterous conversations do not convey to the public that which typifies the Lindale Schools, and thus are discouraged. No band member shall knowingly possess, use, transmit, or be under the influence of any narcotic drug, hallucinogens, amphetamine, barbiturate, marijuana, alcoholic beverage, other intoxicants (as those terms are defined by law), or be in the possession of pornographic material:

- On school grounds during any school term; or
- Off school grounds at a school activity, function, or event; or
- Off school grounds during any school term and during school hours where the offense committed warrants the reasonable belief that a threat to the order and discipline of the school would be the likely result of the student's continued presence in school.
- Any bandsman found to indulge in any of the above items is subject to LISD Extracurricular Code of Conduct and may forfeit his right to participate in any band at Lindale Schools.

All band members, along with all extra-curricular activities, will be a part of the random drug testing program at Lindale I.S.D. A band member who violates this policy will be subject to the Lindale I.S.D. policy on drugs and alcohol.

The use of tobacco/vapes in any form is prohibited by bandsmen who are connected with any band activity. This shall apply when the band is in rehearsal or in performance, and in or out of uniform. Any bandsman found to indulge in any of the above items is subject to LISD Extracurricular Code of Conduct and may forfeit his right to participate in any band at Lindale Schools.

The band Student Leadership Team (SLT) is obligated to note any act of misconduct and call it to the attention of the person involved immediately. If it becomes necessary to correct the same individual the second time, it shall be called to the attention of the band director or immediate action.

Bandsmen are encouraged to cultivate an attitude of good discipline and attention during rehearsal. Each rehearsal should be a musical learning experience for each student. Each performance will be as good as its best rehearsal. Constant disturbance by any bandsman in rehearsal shows lack of interest and respect to the band; therefore, these students should find another activity to hold their attention.
